What we recover

- ✓ **Aged insurance A/R** over 90 days: status checks, corrected claims, resubmissions
- ✓ **Denials & appeals:** coding, authorization, medical necessity, timely filing
- ✓ **Underpayments:** short-pays checked against your contracted rates
- ✓ **Eligibility & COB rework:** wrong primary, missed secondaries

How it works

- ✓ You choose which claims to hand over. **Your current billing stays as is.**
- ✓ Insurance payments go **straight to your bank account.**
- ✓ A simple **monthly report:** what was worked, what was paid, and what keeps denying.
- ✓ Hands-on follow-up from a New York team experienced in insurance follow-up, denials and appeals.
